## The lawyer's objections to the content of the present work

Notwithstanding the legal precedents identified in the present work validating Copyright on an industrial product and, in spite of the legal opinion from lawyers who support the same principle; should other lawyers, following different principles, still deem it necessary to contradict any part of this document, they can do so hereinafter **by committing their professional accountability**. They must write their objections on the dotted lines below, followed by their signature and address, phone number and email address. (Given the business issues related to the marketing of innovations that the objections of detractors may raise, we do not need the recurring verbal criticism that some of their peers use solely in order to propagate unfounded rumors).
